

SULZER BITTER  
AGAINST MURPHYDeposed New York Governor  
Flays Tammany Chief.

## TRIAL A POLITICAL LYNCHING

Statement by Former Executive Says  
a Horse Thief in Frontier Days  
Would Have Received a Squarer Deal  
and Calls Murphy Judge, Jury, Prosecu-  
tor and Bailiff.

Albany, N. Y., Oct. 18.—William Sulzer, deposed governor of New York, issued a statement in which he declared he had been removed by "Murphy's high court of inquiry."

"Murphy controlled the assembly and ordered the impeachment," he said. "He controlled most of the members of the court and dictated procedure and wrote the judgment. He was the judge and jury; the prosecutor and the bailiff."

Sulzer declared that his trial was a "political lynching as far as the Tammany part of the court was concerned—the confirmation of a deep laid political conspiracy to oust me from office."

Soon after Mr. Sulzer had been notified of the decision of the impeachment court he received a telegram asking him to accept the nomination of the Progressive party for congress in the Twentieth district to take the place of Oscar S. Straus, who recently declined the nomination.

Max B. Huerfstein, a member of the Progressive party committee on vacancies in the district, was authority for the offer.

## Calls Methods "Star Chamber."

Mr. Sulzer's long awaited statement characterized the secret sessions of the court as "star chamber proceedings, where the enemies of the state could work for my conviction undiscovered."

He asserted he had not taken the stand in his own defense because he realized that his story attacking the Tammany leader would be ruled out.

"Had I but served the boss with half the zeal I did the state, William Sulzer would never have been impeached," he said.

"A horse thief in frontier days would have received a squarer deal. Mr. Murphy was the judge and jury, the prosecutor and bailiff."

"They called it 'the high court of impeachment,' but history will call it 'Murphy's high court of inquiry.'"

"I appeal from Murphy's court to the sober reflection of public opinion. When I set in motion the wheels of justice to stop the looting of the state, Murphy threatened me with degradation."

"I have lost my office, but I have kept my self-respect; no governor can serve God and Mammon."

The verdict of the court was that Sulzer was guilty of falsification, perjury and an attempt to suppress evidence against him.

## Acquitted on Four Charges.

Of all other charges he was acquitted, the court unanimously voting him not guilty of the four remaining articles of impeachment.

By a virtually unanimous vote also the impeachment tribunal decided that Sulzer should not be punished by disqualification to hold office of honor and trust in this state in the future.

This would have been the extreme penalty under the law.

Probably the most dramatic feature was the serving of the copy of the court's order of removal on the ousted executive.

When Thomas C. Nolan, sergeant-at-arms of the senate, and George Mustard, the process server, who located Louis A. Sarecky, the governor's campaign secretary, after a long search, arrived at the executive mansion, they were admitted immediately and escorted upstairs to the study.

Sulzer and Chester C. Platt, his secretary, were seated at a table. Nolan handed the document to Sulzer. It was written on an ordinary piece of foolscap paper. Patrick E. McCabe, clerk of the senate, and one of Sulzer's political opponents, was the penman.

Sulzer took the paper, crumpled it in his hand, paled slightly, threw the document on the table without reading it and said:

"Good; I thank you, sergeant."

The whole transaction was over in less than two minutes.

## ROADS DEMAND HIGHER PAY

Claim They Are Carrying Mail Too Cheaply.

Washington, Oct. 18.—Postmaster General Burleson had a conference with a delegation of American railway presidents seeking better pay for transporting mail.

President Ripley of the Santa Fe acted as spokesman for his associates, being seconded by President Rea of the Pennsylvania.

"They declared the railway now were being underpaid an average of \$15,000,000 a year for carrying the mails, entirely aside from the extraordinary burden placed upon the roads by the parcel post matter for which it was maintained."

Mr. Burleson asked the railway men that he was talking to see if they received all they were entitled to.

BRYAN DEFENDS  
MONEY MEASURESays Pending Currency Bill Is  
Fair to All.

## WITHOUT REQUIRING BONDS

Secretary of State Tells Iowans at  
Waterloo That Government Under  
Proposed Plan Will Furnish Money  
to Banks and Ask for No Security  
Directly.

Waterloo, Ia., Oct. 18.—"For generations the national banks have held the government's money in return for contributions to campaigns and support of the Republican party," said Secretary of State William Jennings Bryan at the state dairy show, in an address devoted to President Wilson's administrative measures. He was speaking of the pending currency bill.

"The currency bill is the most remarkable currency measure that we have ever had," he said. "It gives to the bankers enough to make them happy and doesn't enable them to take enough to make the people miserable."

"There is one feature about this bill that should win the support of every banker doing a legitimate banking business. Heretofore it has been necessary to put up bonds to secure government money, but by the provisions of the new bill the government loans money without requiring bonds. It lets the regional bank take collateral from the banks within the zone and zone banks put their guarantee on the collateral."

"This enables the government to put into a community more money than it takes out."

Government Will Issue Money.

"The government asks in return something that every banker should be willing to concede, namely, that the government should issue the money itself. Why let the banks issue the money in times of peace, when the government must issue it in time of trouble. The president has taken the position that the government should issue the money and I think he is right."

"I also believe the banks can very well concede this point when they consider the benefits they receive through not having to purchase bonds as security. And they will have to concede this point whether they want to or not."

"There is one point on which the bankers are divided. It is whether the board that controls the issue shall consist of bankers or government officials."

On the income tax law he said: "I have been called an anarchist for advocating the income tax more than for any one thing I have ever advocated. Because I favored a 2 per cent tax, with an exemption of \$4,000 and no graduation, they called me a demagogue and a disturber of the peace and accused me of trying to stir up the poor people against the rich. That is what they did nineteen years ago, but this country is changed."

"We now have an income tax ranging from 1 per cent to 7 per cent."

## MEMBERS DISCUSS RECESS

Senate and House Waiting for Cur-  
rency Measure.

Washington, Oct. 18.—With senate, house and White House marking time, awaiting a report from the senate banking and currency committee on the administration currency bill, the committee continued its hearings on the detail of the bill.

Professor Jeremiah W. Jenks of the College of the City of New York gave the committee an exhaustive discussion of the theory of money, currency and economics. He endorsed the general plan of the bill, but suggested various amendments as to detail.

A possible recess of congress to await the action of the committee was generally discussed about the Capitol, but no definite plan was formulated.

## SCORE HURT IN CAR CRASH

Collision at Omaha May Be Fatal to  
Motorman.

Omaha, Oct. 18.—One man was probably fatally injured and twenty persons badly cut and bruised when two street cars collided.

Motorman E. F. West's right leg was so badly crushed that it had to be amputated and he was also internally injured. He will probably die.

The injuries to the others were chiefly slight bruises and cuts.

Most of the injured people had been attending a house party and were on their way to their homes.

## Estate to Widow and Son.

New York, Oct. 18.—Timothy L. Woodruff, former lieutenant governor of New York, who died in this city last Sunday night, left his entire estate, valued at \$500,000 to \$1,000,000, to his widow, Isabelle, and his son, John, to be divided equally between them. The will was filed for probate in the surrogate's office in Brooklyn.

## LOVING CUP FOR SULZER

Albany Friends Will Give One to For-  
mer Governor.

Albany, N. Y., Oct. 18.—To William Sulzer, a victim of corrupt bosses, Oct. 17, 1913, is the inscription on a silver loving cup which a committee of local citizens plan to present to Governor Sulzer.

It is understood that Sulzer's admirers will congregate tonight and, preceded by a band, parade to the "people's house" to make the presentation. According to Chester C. Platt, who acted as his secretary while he was governor, the impeached executive will leave Albany either on Sunday or Monday.

He said that it is certain that for a time Mr. Sulzer will devote his energies to delivering speeches in this state wherever campaigns are being waged for direct primaries and against political bosses.

TERRIBLE GERMAN  
BALLOON ACCIDENTTwenty-Eight Persons Killed  
When Naval Craft Falls.

Berlin, Oct. 18.—Twenty-eight persons were killed near Johannisthal in the explosion and fall of Count Zeppelin's latest dirigible balloon, the "L. 12."

The twenty-eight men represented the entire personnel of the admiralty board, which was to conduct the final trial of the dirigible looking to its acceptance by the government as a new unit of the German aerial navy, the pilot and crew and invited guests. Every person that went aloft in the big airship is dead.

Twenty-seven of them were killed almost instantly. One man, Lieutenant Baron von Bleul of the Queen Augusta grenadier guards, a guest of the admiralty board, was extricated alive from the mass of twisted wreckage. His eyes were burned out and he suffered other terrible hurts. Begging his rescuers to kill him and end his sufferings he was taken to a hospital, where he died.

The "L. 12," had it proved successful, would have been attached to the aerial corps of the navy, which now has only two men trained to command airships.

The official report of the accident says the explosion was due to the ignition of gas in or above the forward gondola, but not within the body of the airship.

## CONFESSES KILLING WIFE

Husband Denies Jealousy Was Motive  
for Crime.

Chicago, Oct. 18.—William C. Ellis, the Cincinnati leather merchant who was found in a Chicago hotel room where lay the body of his wife, confessed to a coroner's jury that he had killed the woman and was held to the grand jury, charged with murder.

Ellis himself was wounded when found. After a conference with members of his wife's family Ellis abandoned his assertion, made at first to the police, that the tragedy was the result of a suicide pact.

He assumed the entire blame for the killing and devoted his statement to obliterating the impression, given in his first interview with the police, that jealousy was the cause of crime.

## GLYNN BECOMES GOVERNOR

Judge Cullen Administers Oath to Sul-  
zer's Successor.

Albany, N. Y., Oct. 18.—Two features unique in the history of New York state marked Lieutenant Governor Martin H. Glynn's assumption of the office of governor.

He is the first occupant of the executive chamber to reach that position by reason of impeachment of a predecessor and he was sworn into office by the chief justice of the court of appeals.

Under a recent law Judge Cullen, who voted against the conviction of Governor Sulzer on every one of the articles of impeachment, administered the constitutional governor's oath to the new chief executive.

OPPOSITION TO  
CIVIL SERVICEBut Congressmen Will Not Re-  
cord Vote Against It.

## OBJECTIONS BY DEMOCRATS

Most Government Positions Filled by  
Republicans Who Cannot Be Ousted.  
Tillman and Coxey to the Front With  
Predictions Made Eighteen Years  
Ago—Old Ideas Still Good Today.

By ARTHUR W. DUNN.

Washington, Oct. 18.—[Special.]—There always will be a lot of discussion about the civil service law and apparently some members of congress would wipe it out if they could do so without the necessity of a record vote. Time and again I have seen the appropriation for the civil service commission cut out when the house was in committee of the whole where there could not be a record vote, but it was restored when the yeas and nays were called.

The civil service law will stay, and it will protect a great many people in the government service who have no influence nor political pull. It will also keep in service many persons who should not doubt be retired in the interest of good business, but the government of the United States is not run on good business principles.

## Democrats Are Justified.

The Democrats are justified in their complaints that as at present constituted the government service is overwhelmingly Republican. That comes about naturally, as the Republicans had control of the government for sixteen years, and a large proportion of the appointees under President Cleveland turned Republicans in the first Bryan campaign or during the subsequent years. The Democrats came into power last spring and found the federal service occupied by their political opponents. Many of them are protected by the civil service rules, particularly in the smaller places.

But the real grievance of the Democrats is that even at this distance from March 4 many of the best places in the government are still in possession of Republicans, places, too, that are not under the civil service. Many of them are positions of importance, and what is more, the Democratic heads of departments declare they are not going to disturb these men, who are first class officials, simply because they are Republicans. To Democrats who worked so hard for victory last fall this seems the greatest kind of hardship.

## Its Usual Way.

One of those out of order debates was going along in the senate and Senator La Follette interposed a question of order, inquiring how the debate was proceeding.

"The chair can only answer," replied Vice President Marshall, "that it is proceeding, as about everything does in the senate of the United States, by common consent."

The senators do not like the little flings which the vice president takes at their old traditions and methods of procedure.

Coxey, Eighteen Years After.

Senator Tillman has published his "Eighteen Years After," and at the same time J. S. Coxey has come along with his "Eighteen Years After." The "general" of the famous "army" wanted to tell what he thought ought to be done about finance. And, by the way, he did not have such a bad idea eighteen years ago. He wanted \$500,000,000 in greenbacks issued to spend on good roads. Of course it would have been flat money, but the money would have been just as good as the present greenbacks; it would have been in circulation, and we would have had some good roads before the automobile industry made us build them.

Bartlett Was Serious.

The few members of the house who stayed to hear Jim Mann read the baseball bulletins were amused when Congressman Bartlett of Georgia funded and protested against the indecorous method of procedure. The house was without a quorum, could do no business, and it is generally a time of easy going methods. Oftentimes more buffoonery is indulged in than reading baseball news.

The Georgia congressman believed that the house should not indulge in anything but the business before it.

Women Are Helping.

Women are helping along the "gayety of nations" program of the national capital. The women are getting into politics and many other things that they did not worry about a few years ago. Besides the usual feminine rows in the big women's patriotic societies which we have every spring, the various women's Democratic clubs have been having a gala time over their efforts to "get next" or "solid," as the case may be, with the new Democratic administration as represented by the "first lady of the land."

In addition to these rows, which are more social than political, there is the strife between the woman suffragists and the anti-suffragists, which has been going on with a great deal of vigor, particularly in the suffragist campaign. The opposing forces have been more mild, more easy going in their methods, but are making an impression.

CALEB POWERS.

Says He Cannot Afford  
to Remain in Politics.

## POLITICS IS TOO EXPENSIVE

Caleb Powers Says He Will Retire  
From Congress.

Washington, Oct. 18.—Representative Caleb Powers, who came to congress almost directly from the Kentucky prison, where for years he had conducted a sensational fight for his life, growing out of the killing of Governor Goebel, will retire at the end of his term.

"I am not financially able to longer stay in the game of politics and play it as the times demand," said the congressman in a statement. "The game is strenuous and life destroying."

STRIKING MINERS  
AND GUARDS CLASHOne Man Killed and Several  
Fatally Wounded.

Forbes, Colo., Oct. 18.—One striking miner was killed, two reported fatally wounded and one mine guard was perhaps mortally wounded and another less seriously hurt as a result of a battle between strikers and mine guards at the Tent colony here, during which a machine gun was fired into the strikers' camp.

Deputy Sheriff F. R. Bradley was the mine guard seriously wounded and when he was shot the other deputies began firing from the machine gun, which heretofore had been used for show of force only.

Sheriff Grisham and his under sheriffs declare that the estimate of casualties within the strikers' camp, of one dead and two fatally injured, given to them by union officials, seems scarcely probable, as the hail from the machine gun at such close range as it was fired must have done more fatal work.

Officials at the strikers' camp are reticent concerning the casualties and even refuse to divulge the names of those they admit were struck by bullets.

Unofficial but reliable reports declare four strikers were killed.

## ALIMONY HEARING DELAYED

Alienation Suit Against Mrs. Mackay  
Will Be Pressed.

New York, Oct. 18.—The hearing on the application of Mrs. Katherine K. Blake for \$1,500 a month alimony and \$5,000 counsel fees, pending settlement of her suit for separation from her husband, Dr. Joseph A. Blake, the eminent New York surgeon, was postponed until Tuesday, Oct. 21.

Counsel for Mrs. Blake denied that the matter would be settled out of court and were equally emphatic in saying that Mrs. Blake intended to press her \$1,000,000 suit against Mrs. Clarence H. Mackay for alleged alienation of Dr. Blake's affections.

## CALLS DAUGHTER HYSTERICAL

Mrs. Eaton's Mother Testifies at  
Murder Trial.

Plymouth, Mass., Oct. 18.—Mrs. Virginia Harrison of Alexandria, Va., member of a prominent family of that state, was called by the prosecution to tell about conditions in the home of her daughter, Jennie May Eaton, who is being tried on the charge of murdering her husband, Rear Admiral Joseph Giles Eaton, U. S. N. (retired), by giving him poison.

Mrs. Harrison said that her daughter manifested "hysterical tendencies" toward the admiral at times. During the last four years the witness has spent much time at her daughter's home in Mississippi and she testified that she considered her son-in-law "always very much of a gentleman."

London, Oct. 18.—Sir George Ormy Wombwell, the last of the officers who took part in the charge of the Light Brigade at the battle of Balaklava, in October, 1854, died here at the age of eighty-one years. He was a lieutenant in the Seventeenth Lancers during the Crimean war. In the course of the famous charge two horses were killed under him.

Says Tobacco King's Son Killed Two

Seattle, Wash., Oct. 18.—A verdict that Henry G. Farr and Thomas G. Farr was killed instantly and Simmons received injuries from which he died.

Alfred C. Hoglund, also injured, is in a critical condition.

Duke is a son of Brodie Duke, the tobacco manufacturer.

## DENIES GIFTS OF MILLIONS

Henry Frick Ridicules Story of \$14,  
000,000 Wedding Present.

Pittsburg, Oct. 18.—Henry Clay Frick here denied he had presented to his son Childs Frick \$12,000,000 and the latter's bride \$2,000,000 immediately after the wedding in Baltimore last week.

"The story of my alleged presents of money to my son and his wife," he said, "is so preposterously ridiculous that I feel confident it will fall to do injury to them and to me that the author maliciously designed."

## SEVEN MINERS STILL ALIVE

Entombed in Texas Shaft Ninety Feet  
Below Surface.

Rockdale, Tex., Oct. 18.—Seven of the eight miners caught in the Vogel & Lawrence mine near here, when the roof of the mine caved in and the mine was flooded, are still alive.

They are entombed by a water barrier ninety feet below the surface, but are believed to be safe as long as their supply of air holds out. One miner was drowned outright, instead of several as reported.

TWO WOMEN PERISH IN  
FIRE.

Des Moines, Ia., Oct. 18.—

When Mrs. M. B. Aldrich, aged twenty-six years, was awakened by fire in her home she rushed to rescue her sister, Miss Vera Hutson, aged eighteen, and firemen coming to fight the fire found both dead, having been overcome by smoke and badly burned.

## Stale Bread.

Bread that has been allowed to become stale may easily be refreshed by sprinkling it with cold water and placing it in a cool oven for five minutes. This will render the crumb perfectly light and elastic once more, but the bread must be eaten as soon as possible, as it rapidly loses its freshness again.

## DISCUSSING HIS SUCCESSOR

Special Envoy at Vera Cruz Has Re-  
liable Information That United  
States May Be Called Upon Indirectly  
to Indicate Whether It Will Re-  
cognize or Negotiate With New Mexi-  
can President.

Washington, Oct. 18.—John Lind, President Wilson's personal representative in Mexico, has reported from Vera Cruz indications of General Huerta's intention to resign the provisional presidency.

Mr. Lind has advised the president that if the information that has come to him is reliable the United States may be called upon indirectly to indicate whether it will recognize or open negotiations with Huerta's successor.

Apparently various names are being suggested and acceptability to the American government, it is thought, might influence the final choice.

Speeches in congress and other suggestions for an armed protectorate over Mexico in conjunction with other nations were met by high administration officials with the declaration that such an act would impair the sovereignty of Mexico.

Attention was called to President Wilson's original instructions to Mr. Lind, in which he said the sovereignty of Mexico must be respected.

It was declared by those who know President Wilson's attitude that no matter what emergency may arise, even though drastic measures are eventually required to compose the situation in Mexico, the present administration at Washington will not interfere in any way with the sovereign or territorial rights of Mexico.

## UNITED STATES MUST ACT

Diplomats Believe Intervention Is Only  
Solution.

Mexico City, Oct. 18.—"The United States must act to put an end to the impossible conditions constituting a daily menace to the lives of their nationals."

This was the opinion expressed by several of the diplomatic representatives who assembled for an informal conference in the German legation here on Wednesday.

Among those who attended were the ministers of Great Britain, France, Germany, Spain, Austria and Norway. No definite plan of action was agreed upon, but the situation was discussed at length.

None of those present would discuss for publication what took place, but it became known that intervention by the United States was regarded by a majority of the diplomats as the only solution for the situation.

TRIAL A POLITICAL LYNCHING

Statement by Former Executive Says  
a Horse Thief in Frontier Days  
Would Have Received a Squarer Deal  
and Calls Murphy Judge, Jury, Prosecu-  
tor and Bailiff.

Albany, N. Y., Oct. 18.—William Sulzer, deposed governor of New York, issued a statement in which he declared he had been removed by "Murphy's high court of infamy."

"Murphy controlled the assembly and ordered the impeachment," he said. "He controlled most of the members of the court and dictated procedure and wrote the judgment. He was the judge and jury; the prosecutor and the bailiff."

Sulzer declared that his trial was a "political lynching as far as the Tammany part of the court was concerned—the confirmation of a deep laid political conspiracy to oust me from office."

Soon after Mr. Sulzer had been notified of the decision of the impeachment court he received a telegram asking him to accept the nomination of the Progressive party for congress in the Twentieth district to take the place of Oscar S. Straus, who recently declined the nomination.

Max B. Huerfstein, a member of the Progressive party committee on vacancies in the district, was authority for the offer.

Calls Methods "Star Chamber."

Mr. Sulzer's long awaited statement characterized the secret sessions of the court as "star chamber proceedings, where the enemies of the state could work for my conviction undiscovered."

He asserted he had not taken the stand in his own defense because he realized that his story attacking the Tammany leader would be ruled out.

"Had I but served the boss with half the zeal I did the state, William Sulzer would never have been impeached," he said.

"A horse thief in frontier days would have received a squarer deal. Mr. Murphy was the judge and jury, the prosecutor and bailiff."

"They called it 'the high court of impeachment,' but history will call it 'Murphy's high court of infamy.'"

"I appeal from Murphy's court to the sober reflection of public opinion. When I set in motion the wheels of justice to stop the looting of the state, Murphy threatened me with degradation."

"I have lost my office, but I have kept my self-respect; no governor can serve God and Mammon."

The verdict of the court was that Sulzer was guilty of falsification, perjury and an attempt to suppress evidence against him.

Acquitted on Four Charges.

Of all other charges he was acquitted, the court unanimously voting him not guilty of the four remaining articles of impeachment.

By a virtually unanimous vote also the impeachment tribunal decided that Sulzer should not be punished by disqualification to hold office of honor and trust in this state in the future.

This would have been the extreme penalty under the law.

Probably the most dramatic feature was the serving of the copy of the court's order of removal on the ousted executive.

When Thomas C. Nolan, sergeant-at-arms of the senate, and George Mustard, the process server, who located Louis A. Sarecky, the governor's campaign secretary, after a long search, arrived at the executive mansion, they were admitted immediately and escorted upstairs to the study.

Sulzer and Chester C. Platt, his secretary, were seated at a table. Nolan handed the document to Sulzer. It was written on an ordinary piece of foolscap paper. Patrick E. McCabe, clerk of the senate, and one of Sulzer's political opponents, was the penman.

Sulzer took the paper, crumpled it in his hand, paled slightly, threw the document on the table without reading it and said:

"Good; I thank you, sergeant."

The whole transaction was over in less than two minutes.

They declared the railways now were being underpaid an average of \$15,000,000 a year for carrying the mails, entirely aside from the extraordinary burden placed upon the roads by the parcel post matter for which it was maintained.

Mr. Burleson assured the railway men that he would see to it that they received all they were entitled to.

BRYAN DEFENDS

WITHOUT REQUIRING BONDS

Secretary of State Tells Iowans at  
Waterloo That Government Under  
Proposed Plan Will Furnish Money  
to Banks and Ask for No Security

Waterloo, Ia., Oct. 18.—"For generations the national banks have held the government's money in return for contributions to campaigns and support of the Republican party," said Secretary of State William Jennings Bryan at the state dairy show, in an address devoted to President Wilson's administrative measures. He was speaking of the pending currency bill.

"The currency bill is the most remarkable currency measure that we have ever had," he said. "It gives to the bankers enough to make them happy and doesn't enable them to take enough to make the people miserable. There is one feature about this bill that should win the support of every banker doing a legitimate banking business. Heretofore it has been necessary to put up bonds to secure government money, but by the provisions of the new bill the government loans money without requiring bonds. It lets the regional bank take collateral from the banks within the zone and zone banks put their guarantee on the collateral."

"This enables the government to put into a community more money than it takes out."

Government Will Issue Money.

"The government asks in return something that every banker should be willing to concede, namely, that the government should issue the money itself. Why let the banks issue the money in times of peace, when the government must issue it in time of trouble. The president has taken the position that the government should issue the money and I think he is right."

"I also believe the banks can very well concede this point when they consider the benefits they receive through not having to purchase bonds as security. And they will have to concede this point whether they want to or not."

"There is one point on which the bankers are divided. It is whether the board that controls the issue shall consist of bankers or government officials."

On the income tax law he said:

"I have been called an anarchist for advocating the income tax more than for any one thing I have ever advocated. Because I favored a 2 per cent tax, with an exemption of \$4,000 and no graduation, they called me a demagogue and a disturber of the peace and accused me of trying to stir up the poor people against the rich. That is what they did nineteen years ago, but this country is changed."

"We now have an income tax ranging from 1 per cent to 7 per cent."

## MEMBERS DISCUSS RECESS

Senate and House Waiting for Currency Measure.

Washington, Oct. 18.—With senate, house and White House marking time, awaiting a report from the senate banking and currency committee on the administration currency bill, the committee continued its hearings on the details of the bill.

Professor Jeremiah W. Jenks of the College of the City of New York gave the committee an exhaustive discussion of the theory of money, currency and economics. He endorsed the general plan of the bill, but suggested various amendments as to detail.

A possible recess of congress to await the action of the committee was generally discussed about the Capitol, but no definite plan was formulated.

## SCORE HURT IN CAR CRASH

Collision at Omaha May Be Fatal to Motorman.

Omaha, Oct. 18.—One man was probably fatally injured and twenty persons badly cut and bruised when two street cars collided.

Motorman E. F. West's right leg was so badly crushed that it had to be amputated and he was also internally injured. He will probably die.

The injuries to the others were chiefly slight bruises and cuts.

Most of the injured people had been attending a house party and were on their way to their homes.

Estate to Widow and Son.  
New York, Oct. 18.—Timothy J. Woodruff, former lieutenant governor of New York, who died in this city last Sunday night, left his entire estate, valued at \$500,000 to \$1,000,000, to his widow, Isabelle, and his son, John, to be divided equally between them. The will was filed for probate in the surrogate's office in Brooklyn.

## LOVING CUP FOR SULZER

Albany Friends Will Give One to Former Governor.

Albany, N. Y., Oct. 18.—"To William Sulzer, a victim of corrupt bosses, Oct. 17, 1913," is the inscription on a silver loving cup which a committee of local citizens plan to present to Governor Sulzer.

It is understood that Sulzer's admirers will congregate tonight and, preceded by a band, parade to the "people's house" to make the presentation. According to Chester C. Platt, who acted as his secretary while he was governor, the impeached executive will leave Albany either on Sunday or Monday.

He said that it is certain that for a time Mr. Sulzer will devote his energies to delivering speeches in this state wherever campaigns are being waged for direct primaries and against political bosses.

TERRIBLE GERMAN  
BALLOON ACCIDENTTwenty-Eight Persons Killed  
When Naval Craft Falls.

Berlin, Oct. 18.—Twenty-eight persons were killed near Johannisthal in the explosion and fall of Count Zeppelin's latest dirigible balloon, the "L II."

The twenty-eight men represented the entire personnel of the admiralty board, which was to conduct the final trial of the dirigible looking to its acceptance by the government as a new unit of the German aerial navy, the pilot and crew and invited guests. Every person that went aloft in the big airship is dead.

Twenty-seven of them were killed almost instantly. One man, Lieutenant Baron von Bleul of the Queen Augusta grenadier guards, a guest of the admiralty board, was extricated alive from the mass of twisted wreckage. His eyes were burned out and he suffered other terrible hurts. Begging his rescuers to kill him and end his sufferings he was taken to a hospital, where he died.

The "L II," had it proved successful, would have been attached to the aerial corps of the navy, which now has only two men trained to command airships.

The official report of the accident says the explosion was due to the ignition of gas in or above the forward gondola, but not within the body of the airship.

## CONFESSES KILLING WIFE

Husband Denies Jealousy Was Motive for Crime.

Chicago, Oct. 18.—William C. Ellis, the Cincinnati leather merchant who was found in a Chicago hotel room where lay the body of his wife, confessed to a coroner's jury that he had killed the woman and was held to the grand jury, charged with murder.

Ellis himself was wounded when found. After a conference with members of his wife's family Ellis abandoned his assertion, made at first to the police, that the tragedy was the result of a suicide pact.

He assumed the entire blame for the killing and devoted his statement to elaborating the impression, given in his first interview with the police, that jealousy was the cause of crime.

## GLYNN BECOMES GOVERNOR

Judge Cullen Administers Oath to Sulzer's Successor.

Albany, N. Y., Oct. 18.—Two features unique in the history of New York state marked Lieutenant Governor Martin H. Glynn's assumption of the office of governor.

He is the first occupant of the executive chamber to reach that position by reason of impeachment of a predecessor and he was sworn into office by the chief judge of the court of appeals.

Under a recent law Judge Cullen, who voted against the conviction of Governor Sulzer on every one of the articles of impeachment, administered the constitutional governor's oath to the new chief executive.

OPPOSITION TO  
CIVIL SERVICEBut Congressmen Will Not Re-  
cord Vote Against It.

OBJECTIONS BY DEMOCRATS

Most Government Positions Filled by  
Republicans Who Cannot Be Ousted.  
Tillman and Coxe to the Front With  
Predictions Made Eighteen Years  
Ago—Old Ideas Still Good Today.

By ARTHUR W. DUNN.

Washington, Oct. 18.—[Special.]—There always will be a lot of discussion about the civil service law and apparently some members of congress would wipe it out if they could do so without the necessity of a record vote. Time and again I have seen the appropriation for the civil service commission cut out when the house was in committee of the whole where there could not be a record vote, but it was restored when the yeas and nays were called.

The civil service law will stay, and it will protect a great many people in the government service who have no influence nor political pull. It will also keep in service many persons who should not be retired in the interest of good business, but the government of the United States is not run on good business principles.

Democrats Are Justified.

The Democrats are justified in their complaints that as at present constituted the government service is overwhelmingly Republican. That comes about naturally, as the Republicans had control of the government for sixteen years, and a large proportion of the appointees under President Cleveland turned Republicans in the first Bryan campaign or during the subsequent years. The Democrats came into power last spring and found the federal service occupied by their political opponents. Many of them are protected by the civil service rules, particularly in the smaller places.

But the real grievance of the Democrats is that even at this distance from March 4 many of the best places in the government are still in possession of Republicans, places, too, that are not under the civil service. Many of them are positions of importance, and, what is more, the Democratic heads of departments declare they are not going to disturb these men, who are first class officials, simply because they are Republicans. To Democrats who worked so hard for victory last fall this seems the greatest kind of hardship.

Its Usual Way.

One of those out of order debates was going along in the senate and Senator La Follette interposed a question of order, inquiring how the debate was proceeding.

"The chair can only answer," replied Vice President Marshall, "that it is proceeding, as about everything does in the senate of the United States, by common consent."

The senators do not like the little flings which the vice president takes at their old traditions and methods of procedure.

Coxey, Eighteen Years After.

Senator Tillman has published his "Eighteen Years After," and at the same time J. S. Coxey has come along with his "Eighteen Years After." The "general" of the famous "army" wanted to tell what he thought ought to be done about finance. And, by the way, he did not have such a bad idea eighteen years ago. He wanted \$500,000,000 in greenbacks issued to spend on good roads. Of course it would have been flat money, but the money would have been just as good as the present greenbacks; it would have been in circulation, and we would have had some good roads before the automobile industry made us build them.

Bartlett Was Serious.

The few members of the house who stayed to hear Jim Mann read the baseball bulletins were amused when Congressman Bartlett of Georgia funded and protested against the indecorous method of procedure. The house was without a quorum, could do no business, and it is generally a time of easy going methods. Oftentimes more buffoonery is indulged in than reading baseball news.

The Georgia congressman believed that the house should not indulge in anything but the business before it.

Women Are Helping.

Women are helping along the "gayety of nations" program of the national capital. The women are getting into politics and many other things that they did not worry about a few years ago. Besides the usual feminine rows in the big women's patriotic societies which we have every spring, the various women's Democratic clubs have been having a gala time over their efforts to "get next" or "solid," as the case may be, with the new Democratic administration as represented by the "first lady of the land."

In addition to these rows, which are more social than political, there is the strife between the woman suffragists and the anti-suffragists, which has been going on with a great deal of vigor, particularly in the suffragist campaign.

The opposing forces have been more mild, more easy going in their methods, but are making an impression.

Reasonably Sure.

CALEB POWERS.

Says He Cannot Afford  
to Remain in Politics.

## POLITICS IS TOO EXPENSIVE

Caleb Powers Says He Will Retire  
From Congress.

Washington, Oct. 18.—Representative Caleb Powers, who came to congress almost directly from the Kentucky prison, where for years he had conducted a sensational fight for his life, growing out of the killing of Governor Goebel, will retire at the end of his term.

"I am not financially able to longer stay in the game of politics and play it as the times demand," said the congressman in a statement. "The game is strenuous and life destroying."

STRIKING MINERS  
AND GUARDS CLASHOne Man Killed and Several  
Fatally Wounded.

Forbes, Colo., Oct. 18.—One striking miner was killed, two reported fatally wounded and one mine guard was perhaps mortally wounded and another less seriously hurt as a result of a battle between strikers and mine guards at the Tent colony here, during which a machine gun was fired into the strikers' camp.

Deputy Sheriff F. R. Bradley was the mine guard seriously wounded and when he was shot the other deputies began firing from the machine gun, which heretofore had been used for show of force only.

Sheriff Grisham and his under sheriffs declare that the estimate of casualties within the strikers' camp, of one dead and two fatally injured, given to them by union officials, seems scarcely probable, as the hail from the machine gun at such close range as it was fired must have done more fatal work.

Officials at the strikers' camp are reticent concerning the casualties and even refuse to divulge the names of those they admit were struck by bullets.

Unofficial but reliable reports declare four strikers were killed.

## ALIMONY HEARING DELAYED

Alienation Suit Against Mrs. Mackay  
Will Be Pressed.

New York, Oct. 18.—The hearing on the application of Mrs. Katherine K. Blake for \$1,500 a month alimony and \$5,000 counsel fees, pending settlement of her suit for separation from her husband, Dr. Joseph A. Blake, the eminent New York surgeon, was postponed until Tuesday, Oct. 21.

Counsel for Mrs. Blake denied that the matter would be settled out of court and were equally emphatic in saying that Mrs. Blake intended to press her \$1,000,000 suit against Mrs. Clarence H. Mackay for alleged alienation of Dr. Blake's affections.

## CALLS DAUGHTER HYSTERICAL

Mrs. Eaton's Mother Testifies at  
Murder Trial.

Plymouth, Mass., Oct. 18.—Mrs. Virginia Harrison of Alexandria, Va., member of a prominent family of that state, was called by the prosecution to tell about conditions in the home of her daughter, Jennie May Eaton, who is being tried on the charge of murdering her husband, Rear Admiral Joseph Giles Eaton, U. S. N. (retired), by giving him poison.

Mrs. Harrison said that her daughter manifested "hysterical tendencies" toward the admiral at times. During the last four years the witness has spent much time at her daughter's home in Assinippi and she testified that she considered her son-in-law "always very much of a gentleman."

## BALAKLAVA SURVIVOR DEAD

Last of Officers Who Took Part in  
Charge of Light Brigade.

London, Oct. 18.—Sir George Grey Tombwell, the last of the officers who took part in the charge of the Light Brigade at the battle of Balaklava, in October, 1854, died here at the age of eighty-one years. He was a lieutenant in the Seventeenth Lancers during the Crimean war. In the course of the famous charge two horses were killed under him.

REPORTS HUERTA  
MAY STEP DOWN

JURY BLAMES YOUNG DUKE

Says Tobacco King's Son Killed Two  
With Auto While Drunk.

Seattle, Wash., Oct. 18.—A verdict that Henry G. Farr and Thomas G. Simmons "came to their death through being struck by an automobile driven by Lawrence Duke in a grossly negligent manner," that Duke "had been drinking," was returned by the coroner's jury which investigated the accident on the county highway south of Seattle Wednesday night, when Duke's car crashed into another standing at the side of the road.

Farr was killed instantly and Simmons received injuries from which he died.

Alfred C. Hoglund, also injured, is in a critical condition.

Duke is a son of Brodie Duke, the tobacco manufacturer.

## DENIES GIFTS OF MILLIONS

Henry Frick Ridicules Story of \$14,  
000,000 Wedding Present.

Pittsburg, Oct. 18.—Henry Clay Frick here denied he had presented to his son Childs Frick \$12,000,000 and the latter's bride \$2,000,000 immediately after the wedding in Baltimore last week.

"The story of my alleged presents of money to my son and his wife," he said, "is so preposterously ridiculous that I feel confident it will fail to do injury to them and to me that the author maliciously designed."

## SEVEN MINERS STILL ALIVE

Entombed in Texas Shaft Ninety Feet  
Below Surface.

Rockdale, Tex., Oct. 18.—Seven of the eight miners caught in the Vogel & Lawrence mine near here, when the roof of the mine caved in and the mine was flooded, are still alive.

They are entombed by a water barrier ninety feet below the surface, but are believed to be safe as long as their supply of air holds out. One miner was drowned outright, instead of several as reported.

TWO WOMEN PERISH IN  
FIRE.

Des Moines, Ia., Oct. 18.—When Mrs. M. B. Aldrich, aged twenty-six years, was awakened by fire in her home she rushed to rescue her sister, Miss Vera Hutson, aged eighteen, and firemen coming to fight the fire found both dead, having been overcome by smoke and badly burned.

## Stale Bread.

Bread that has been allowed to become stale may easily be refreshed by sprinkling it with cold water and placing it in a cool oven for five minutes. This will render the crumb perfectly light and elastic once more, but the bread must be eaten as soon as possible, as it rapidly loses its freshness again.

John Lind So Informs Presi-  
dent Wilson.

## DISCUSSING HIS SUCCESSOR

Special Envoy at Vera Cruz Has Re-  
liable Information That United  
States May Be Called Upon Indirectly  
to Indicate Whether It Will Recognize  
or Negotiate With New Mexican  
President.

Washington, Oct. 18.—John Lind, President Wilson's personal representative in Mexico, has reported from Vera Cruz indications of General Huerta's intention to resign the provisional presidency.

Mr. Lind has advised the president that if the information that has come to him is reliable the United States may be called upon indirectly to indicate whether it will recognize or open negotiations with Huerta's successor.

Apparently various names are being suggested and acceptability to the American government, it is thought, might influence the final choice.

Speeches in congress and other suggestions for an armed protectorate over Mexico in conjunction with other nations were met by high administration officials with the declaration that such an act would impair the sovereignty of Mexico.

Attention was called to President Wilson's original instructions to Mr. Lind, in which he said the sovereignty of Mexico must be respected.

It was declared by those who know President Wilson's attitude that no matter what emergency may arise, even though drastic measures are eventually required to compose the situation in Mexico, the present administration at Washington will not interfere in any way with the sovereign or territorial rights of Mexico.

## UNITED STATES MUST ACT

Diplomats Believe Intervention Is Only  
Solution.

Mexico City, Oct. 18.—"The United States must act to put an end to the impossible conditions constituting a daily menace to the lives of their nationals."

This was the opinion expressed by several of the diplomatic representatives who assembled for an informal conference in the German legation here on Wednesday.

Among those who attended were the ministers of Great Britain, France, Germany, Spain, Austria and Norway. No definite plan of action was agreed upon, but the situation was discussed at length.

None of those present would discuss for publication what took place, but it became known that intervention by the United States was regarded by a majority of the diplomats as the only solution for the situation.

## TO SHIP BEEF TO AMERICA

Argentina Ready to Take Advantage  
of Tariff Law.

Washington, Oct. 18.—Active preparations by Argentina to take advantage of the beef clause of the new tariff law and send to the United States large shipments of beef were reported by Dr. A. D. Melvin, chief of the bureau of animal industry, who has just returned from South America.

He made the trip for the department of agriculture to study meat packing and inspecting conditions in Argentina, Uruguay and Brazil.

Dr. Melvin was not ready to say whether the Argentina beef could compete with the American product and bring prices which would make it profitable for the Argentina shippers to send it here instead of to Europe.

## WIFE AND CHILD ARE LOCATED

Mrs. Perry W. Rathbun is Found by Her Husband at Hospital Where She Had Child

### HUSBAND SUES HER RELATIVES

Charges Alienation of His Wife's Affections and Asks For \$25,000 Damages

Perry W. Rathbun, a travelling salesman for the Duluth Plumbing Supplies company, has commenced suit against his wife's relatives in the district court of this county, charging alienation of affection and asking damages of \$25,000. Mae Shook, a nurse, is named as one of the defendants.

In his complaint Rathbun declares that on May 1, 1913, while he and his wife were maintaining their home at Bemidji, her relatives "wrongfully and maliciously conspiring and contriving and intending to injure the plaintiff and to deprive him of said wife's comfort, society, aid, assistance and affections, wilfully, wrongfully, unlawfully and maliciously induced, persuaded, assisted and enticed the said plaintiff's wife away from and to leave the plaintiff and her then home and residence with the plaintiff."

Detectives have at length located Mrs. Rathbun and her child at a private maternity hospital in Duluth, where she had been for twenty-one days while Mr. Rathbun was endeavoring to locate her. During all this time, say Swanson & Swanson, of this city, who are attorneys for Mr. Rathbun, the birth records of Duluth had no entry regarding the child's birth.

## BLOW YOUR WHISTLES

Give Bush a Royal Welcome Monday at 1:20 When St. Paul Train Arrives Here

No welcome is really one unless a little noise is connected with it and it would be appropriate on Monday afternoon when the train bearing Bush arrives in the city to blow the whistles of every factory and concern in Brainerd.

The shop whistle has strong lungs. The tie plant has a whistle, so has the pumping station and the flour mill. In addition there are three switch engines in the yards and generally seven or more road engines. Let's use a little steam and join in the general blast of welcome.

### Leave for Little Falls

The afternoon passenger for St. Paul this afternoon was really a football special, for it carried to Little Falls the Brainerd high school eleven and many fair fans. The team consisted of White center, Warner and Mahlum guards, Vaughn and Eckholm tackles, Molstad, Hagberg, Norquist and Hemstead ends, Orne and Koop halves, Trent quarter and Day fullback, Dennison substitute. The girl rooters were Eleanor Anderson, Gertrude Smith, Helen Kiebler, Genevieve Flanagan, Florence Flanagan, Irene Flanagan, Dorothy Baker, Margaret Day, Marie Fraser, Winifred Brady, Ruth Wilson Edna Mahlum, Edna Walinder, Thelma Reis, Hildegard Olson, Esther Bellmuth, Lillian Smith, Sadie Koop, Margaret Brady, Mabel Graham, Lily Gilbertson, Edna Swanson, Josie Swanson, Hildegard Anderson, Mabel Sheffield, with Miss McCoy as chaperon. Four autos went down this morning and several this afternoon. The game will be followed by a banquet and other festivities. All the Brainerd delegation will boost to have Little Falls people come to Brainerd Monday to attend the Bush homecoming.

## WIFE AND CHILD ARE LOCATED

Mrs. Perry W. Rathbun is Found by Her Husband at Hospital Where She Had Child

## HUSBAND SUES HER RELATIVES

Charges Alienation of His Wife's Affections and Asks For \$25,000 Damages

Perry W. Rathbun, a traveling salesman for the Duluth Plumbing Supplies company, has commenced suit against his wife's relatives in the district court of this county, charging alienation of affection and asking damages of \$25,000. Mae Shook, a nurse, is named as one of the defendants.

In his complaint Rathbun declares that on May 1, 1913, while he and his wife were maintaining their home at Bemidji, her relatives "wrongfully and maliciously conspiring and contriving and intending to injure the plaintiff and to deprive him of said wife's comfort, society, aid, assistance and affections, wilfully, wrongfully, unlawfully and maliciously induced, persuaded, assisted and enticed the said plaintiff's wife away from and to leave the plaintiff and her then home and residence with the plaintiff."

Detectives have at length located Mrs. Rathbun and her child at a private maternity hospital in Duluth, where she had been for twenty-one days while Mr. Rathbun was endeavoring to locate her. During all this time, say Swanson & Swanson, the city, who are attorneys for Mr. Rathbun, the birth records of Duluth had no entry regarding the child's birth.

Brainerd Students Who Attended Little Falls Business College Last Year

Little Falls, Oct. 17, 1913. The Brainerd Dispatch, Brainerd, Minnesota.

Gentlemen:

The cut of the Brainerd students attending college last year was mailed you today. There should be one more on it, Miss Serle Anderson, making eighteen in all.

The names are: Misses Sophie Nelson, Marjorie Nichols, Agnes Jaeger, Mabel Carlson, Mildred Canan, Emily Lewis, Hannah Sather, Rachel Whitford, Mearle Graham, Leo Nelson, Dora Simonson, Christine Engen, Martha Kimball, Jeanette Scott, Arnolda Jennsen, Edward Blake and Victor Rounds. Every year your city sends a good delegation to this school and I assure you that everything is done to give them the best there is to be had in a good business training.

This cut shows the way the young people of Brainerd realize the value of a business training secured in the well known Little Falls Business College.

## BLOW YOUR WHISTLES

Give Bush a Royal Welcome Monday at 1:20 When St. Paul Train Arrives Here

No welcome is really one unless a little noise is connected with it and it would be appropriate on Monday afternoon when the train bearing Bush arrives in the city to blow the whistles of every factory and concern in Brainerd.

The shop whistle has strong lungs. The tie plant has a whistle, so has the pumping station and the flour mill. In addition there are three switch engines in the yards and generally seven or more road engines. Let's use a little steam and join in the general blast of welcome.

## Leave for Little Falls

The afternoon passenger for St. Paul this afternoon was really a football special, for it carried to Little Falls the Brainerd high school eleven and many fair fans. The team consisted of White center, Warner and Mahlum guards, Vaughn and Eckholm tackles, Molstad, Hagberg, Norquist and Hemstead ends, Orne and Koop halves, Trent quarter and Day fullback, Dennison substitute. The girl rooters were Eleanor Anderson, Gertrude Smith, Helen Kiebler, Genevieve Flanagan, Florence Flanagan, Irene Flanagan, Dorothy Baker, Margaret Day, Marie Fraser, Winifred Brady, Ruth Wilson Edna Mahlum, Edna Walinder, Thelma Reis, Hildegard Olson, Esther Bellmuth, Lillian Smith, Sadie Koop, Margaret Brady, Mabel Graham, Lily Gilbertson, Edna Swanson, Josie Swanson, Hildegard Anderson, Mabel Shefflo, with Miss McCoy as chaperon. Four autos went down this morning and several this afternoon. The game will be followed by a banquet and other festivities. All the Brainerd delegation will boost to have Little Falls people come to Brainerd Monday to attend the Bush homecoming.

## MRS. PANKHURST IS ORDERED DEPORTED

Whether she will be allowed to remain in this country depends upon the finding of the board.

#### THE INGALLS MOTOR BOAT CO.

Has Given Excellent Launch Service on Serpent Lake and Never Had an Accident

Crosby, Minn., Oct. 17.—To run three seasons without an accident is the proud record of the Ingalls Motor Boat Co. Last year the launches ran until November 17. All four were in service, the Twin City carrying 75, the Lotus 45, the Deerwood 35 and the Dellwood 20. Arne Anderson has worked for the company two years.

Mr. and Mrs. Matt Crosby's baby boy is a healthy, sturdy little fellow and the pride of his parents.

L. E. Dunn has returned from a visit at Minneapolis.

Some of Charles S. Roulo's finest photographic work was exemplified in the pictures showing the results of Jim Haskell's hunting trip. The picture reveals a lot of fine mallards.

In the past two building seasons George H. Crosby added 56 houses to Crosby and all are rented and occupied. In 1912 Mr. Crosby built 26 houses and in 1913 thirty more. Those erected this year were for the most part cottages.

Mrs. O. P. Carter has returned to her home in Minneapolis after a week's visit with her daughter, Mrs. C. J. O'Connell.

Miss Rose Wood, who has been the guest of her sister, Mrs. Will S. Pitt, has returned to Oelwein, Iowa.

Mr. and Mrs. Bruno Olsson visited with his wife's sisters at Brainerd on Sunday.

#### WHY IT SUCCEEDS

Because it's for One Thing Only, and Brainerd People Appreciate This. Nothing can be good for everything.

Doing one thing well brings success.

Doon's Kidney Pills are for one thing only.

For weak or disordered kidneys. Here is reliable evidence of their worth.

William Wick, West Brainerd, Minn., says: "I can strongly recommend Doan's Kidney Pills, procured at H. P. Lunn's drug store. They cured me of pain in my back that was so bad at times that I could not get up after sitting. My confidence in Doan's Kidney Pills is very great, for they removed my trouble after I had taken other remedies to no avail."

The above is not an isolated case. Mr. Wick is only one of many in this vicinity who have gratefully endorsed Doan's. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Wick had. 50c all stores. ### THE INGALLS MOTOR BOAT CO.

Has Given Excellent Launch Service on Serpent Lake and Never Had an Accident

Crosby, Minn., Oct. 17.—To run three seasons without an accident is the proud record of the Ingalls Motor Boat Co. Last year the launches ran until November 17. All four were in service, the Twin City carrying 75, the Lotus 45, the Deerwood 35 and the Dellwood 20. Arne Anderson has worked for the company two years.

Mr. and Mrs. Matt Crosby's baby boy is a healthy, sturdy little fellow and the pride of his parents.

L. E. Dunn has returned from a visit at Minneapolis.

Some of Charles S. Roulo's finest photographic work was exemplified in the pictures showing the results of Jim Haskell's hunting trip. The picture reveals a lot of fine mallards.

In the past two building seasons George H. Crosby added 56 houses to Crosby and all are rented and occupied. In 1912 Mr. Crosby built 26 houses and in 1913 thirty more. Those erected this year were for the most part cottages.

Mrs. O. P. Carter has returned to her home in Minneapolis after a week's visit with her daughter, Mrs. C. J. O'Connell.

Miss Rose Wood, who has been the guest of her sister, Mrs. Will S. Pitt, has returned to Oelwein, Iowa.

Mr. and Mrs. Bruno Olsson visited with his wife's sisters at Brainerd on Sunday.

### WHY IT SUCCEEDS

Because it's for One Thing Only, and Brainerd People Appreciate This. Nothing can be good for everything.

Doing one thing well brings success.

Doan's Kidney Pills are for one thing only.

For weak or disordered kidneys. Here is reliable evidence of their worth.

William Wick, West Brainerd, Minn., says: "I can strongly recommend Doan's Kidney Pills, procured at H. P. Lunn's drug store. They cured me of pain in my back that was so bad at times that I could not get up after sitting. My confidence in Doan's Kidney Pills is very great. For they removed my trouble after I had taken other remedies to no avail."

The above is not an isolated case. Mr. Wick is only one of many in this vicinity who have gratefully endorsed Doan's. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Wick had. 50c all stores.
